

NUTRIENT MANAGEMENT WORKSHOP

Wednesday, January 17th, 2018

8:30 am to 4:00 pm

Credit Union Place, Summerside, PEI

Presented by: Dr. David Burton, Dalhousie Faculty of Agriculture
Erica MacDonald, Paradigm Precision
Dr. Judith Nyiraneza, Agriculture & Agri-Food Canada

This workshop will cover many aspects of nutrient and fertility management in potato production, including:

- Soil testing and the role of essential nutrients
- The importance and nature of soil organic matter
- Building fertilizer rate and blend recommendations
- Exploring different nutrient sources and split applications

Cost: \$25 per person

Include lunch, payable at the door
